School to open on Monday 4 January 2021

Dear Parents,

I am so pleased to let you know the school is to open on the 4 January as planned, and that we are *not* in an area where primary school opening is to be delayed due to covid-19.

For reassurance, and to help ensure the school remains open as long as possible, I ask for renewed vigilance around the following precautions:

- Please respect social distancing at all times when on the school grounds. Please keep your child - and any pre-school children - close to you (holding their hand if necessary).
- As an adult, once on the school grounds, please consider wearing a face mask to protect others. (Your child is *not* asked to wear a face mask.)
- If using the path from the car park, please keep to the right hand side coming into school and the left side on leaving. To avoid congestion please move briskly along this path.
- Please ensure only one parent / carer comes onto the school grounds.
- Please don't come onto the school grounds, or leave the school, with another family.
- Please don't allow your child to cycle or 'scoot' on the school grounds, but keep your child with you whilst they push their bike or scooter.
- Please hold any conversation with another adult from a distance of at least 2 metres.
- Instead of coming into the school building, please email the school office (before noon) or phone with any messages.

School opening and finishing times:

- Thames children: 8.45 to 3.10pm, using the children's entrance at the front of school.
- Isis children: 8.50 to 3.05pm, using the entrance by Mrs Crook's office.
- Cherwell children: 8.55 to 3pm, using Cherwell classroom door at the back of the school.
- Foundation Stage: (Windrush and Nursery) 9am to 2.50pm, using the front Foundation Stage door in the morning, and the door at the back at the end of the day.
- The **Breakfast Club** will open as normal from 8am on Monday 4 January.

I thank you for your support with these measures.

Now, with the Oxford vaccine being approved giving great hope, I send my best wishes to you and your family for 2021.

With kind regards,
Grace
