2nd March 2022

Dear Parents,

This term, the children in FSU are doing a 'People who help us' topic and have started the term off learning about the NHS and all the great work they do.

We have been in touch with the Oxford Hospitals Charity who are in the process of making goody bags for the staff in the hospital. We thought it was a great idea to be involved with this and they asked us to make cards for the staff to go in the goody bags! However, it turns out there are about 300 staff so the rest of the children in school are helping out too and will be making cards this week.

If you would like to make cards with your children at home and send them into school by Monday next week, that would be fantastic too. They don't need to be addressed to anyone specific and children are writing a generic message inside, for example 'Thank you for all your great work', 'Have a lovely day' etc.

Thanks for your support.

The FSU team
