

MILD

## RE

We are learning about what Christians believe about creation. - whatever it is you believe we can all agree that the world around us is truly amazing!

Can you go on a nature walk and **take photos** or **sketch** the wondrous things you see? How does it make you feel? Why did you choose it?

MEDIUM

## Art

We are looking at colour theory and weaving this term.

Have a go at weaving with everyday items such as paper, material or other items you can find at home. Are some easier to weave than others? Why do you think this?

HOT

## History

Both the Anglo-Saxons and the Vikings created words that we still use today.

The names Anglo-Saxons gave to a place often described a feature of it. Here are some examples:

- bury - fortified place
- ley or leigh - forest
- shaw - small wood
- stoke or stock - religious place
- ford - river crossing
- wick - farm

Can you think of any places near you where these rules may apply?

Can you find any other words that come from Anglo Saxon /Viking time?
