22 October 2020

Dear Parents,

As we approach the end of our first term of the academic year, I would like to draw your attention to the instructions attached on how to access online learning if the need arises.

Please see the attached detailed set of instructions on how to log on to Google Classroom (which proved very useful earlier in the year when we entered the Lockdown period) and personal log on details for Education City, which we will be using to set Year 2 maths homework after the break, will be sent home in bookbags today.

Please check over the half term break by logging on to these two online resources and then let us know at the start of next term if you have any problems.

I wish you a safe and restful week and look forward to seeing you next term.

Kind regards,

Julie Ilsley
Cherwell Class Teacher
