Radley CE Primary School

'I come to give life - life in all its fullness.' John 10:10

Welcome to
RADLEY
CE Primary School
&
Foundation Stage Unit

‘We aim for every child to achieve success to the best of their abilities in a welcoming hub of learning, providing a vibrant wealth of opportunities.’

‘every child to achieve success’

Educational Standards

We aim to utilise a range of learning strategies and environments to take account of all pupils’ learning and thinking styles, and their diverse abilities, to enable them to achieve their full potential irrespective of economic or other disadvantage.

We aim to attain outstanding levels of achievement in all academic areas. Through stimulating children’s intellectual curiosity and inspiring a lifelong love of learning.

We also encourage pupils to take responsibility for their own learning and foster a spirit of fair, selfless competition and reward effort and success.

‘best of their abilities’

Our Pupils ‘thrive’

Our ‘family feel’ offers enhanced welfare and guidance to our pupils

We provide pupils with the knowledge to stay safe within the community, through swimming, road safety and cycling proficiency.

All adults who work with our children are trained to identify pupils in need of early intervention and pastoral care.

We also promote good physical and mental health and healthy lifestyles, through promoting a ‘daily mile’, sports clubs and other outdoor pursuits.

Our children also have many opportunities to voice their ideas and opinions and take on leadership roles within the school, for example, on our Eco team, the school council and also as Reading Ambassadors and Worship leaders.

‘welcoming hub of learning’

Physical Environment

Our beautiful site provides physical resources that support high quality learning.

Our school expansion will enable us to provide modern buildings and facilities that are fit for purpose.

We are keen to ensure efficient use of the Earth’s resources, and strive to increase our children’s environmental awareness and reduce their carbon footprint.

As we continue to grow, we are keen to be an increasingly sustainable school.

Curriculum

Radley provides a broad, balanced exciting and varied curriculum fit for the child of the 21st Century.

Our creative and engaging curriculum enables the children to have enhanced creative, musical, aesthetic and physical development through their learning.

We are also lucky enough to have several outdoor learning areas, outdoor classroom, a large school field and our playground, surrounded by mature trees and shrubs, and our own Forest School!

We are also keen to develop the children's use of technology. We are very well resourced for Chromebooks, which we use regularly in class. We also have a designated ICT suite with desktop computers, as well as interactive whiteboards in all classrooms.

***‘vibrant
wealth of
opportunities’***

'Christian values'

Christian Ethos

Our Christian distinctiveness.

Through assemblies and as part of our interactions with our children, we aim ensure Christian values and teachings underpin all aspects of school learning and behaviour, to enable the creation of good citizens for our future world. We are including of those with faith (regardless of religion), and also those with none.

We provide opportunities for pupils to take further responsibility for worship, to deepen their understanding and spiritual development through planning, contributing as Worship leaders, as part of Open the book assemblies and through our partnership with Reverend Rob and St James' Church services.

We encourage pupils, staff and parents to take a prominent role in the life of the parish community and encourage the local community to engage in the life of the school.

When our children leave us at the end of Year 6, we hope they leave us as self-disciplined, selfless and respectful pupils with attitudes and ethics based on Christian values who are inspired to make a positive contribution to society with a clear understanding of their responsibilities as local, national and global citizens.

‘principles and standards at the heart of our education’

Our extended School Community

We are keen for parents to be involved in the every day life of the school. We welcome visits and helpers as part of our topics but also as a spare pair of hands. We also are supported brilliantly by the ‘Friends of Radley Primary School’ (FoRPS) who are a voluntary group of parents that hold events which bring our whole local community together.

We also provide opportunities for parents and guardians to share and participate in the school’s responsibility for their children’s learning, though open evenings and curriculum meetings, parents evenings and other school events.

So why Radley?

Our school is a place where every child is valued and their individuality and achievements celebrated.

All children regardless of differences in race, gender and faith are respected, and encouraged to be responsible, global citizens.

Our children are encouraged to develop positive reflective attitudes that lead to high personal and academic standards.

Our positive approach to behaviour ensures that all children work and play in an enabling, safe environment.

An atmosphere of openness, trust and **respect** is evident between the children, their parents and the wider school community, which has fostered good **relationships** to the benefit of the children's education.

We have created a stimulating, learning environment that nurtures curiosity, **resilience**, enthusiasm, awareness and industry.
