11<sup>th</sup> July 2022

Dear Thames Parents,

It is amazing how quickly this year has flown and we are now approaching our final days and events of the school year. After an exciting Sports and Celebration Day on Friday, we still have the Thames Play and Leavers' Service to look forward to. With the predicted heat continuing on Wednesday, we anticipate a warm hall for our play so please do come prepared with your own water bottle.

As part of our ongoing School Expansion work, Thames Class will be moving temporarily into the Old School at the start of the Autumn Term. We are embracing this exciting opportunity to use the Old School for the purpose for which it was built – as a classroom. As much as possible, we will be involving the children with the planning and preparation for the move to encourage positive engagement with this change. No doubt the children will have noticed that our current classroom is already being prepared, and we will be sending children's books home this week as well.

We are also incredibly fortunate to welcome Mr Pearman to the Radley Primary Team next year as an Associate Teacher. He will be completing his SCITT course during the year and will be based in Thames Class.

Of course, Monday 18th July is our Leavers' Service at 5:30 in the Church. A previous letter has already been sent, but if you require further information please ask for another copy from the school office. Next Wednesday will be my final day in school before the holidays, and Thames Class will be enjoying lots of fun and celebratory activities during the week as we say farewell to our current Year Sixes.

We look forward to welcoming you to our Class Play and the Leavers' Service.

Best wishes

Heather Sparks
