Our residential trip to Kilvrough is quickly approaching. For preparation, we ask that you continue to support your children towards greater independence with personal organisation and responsibility. Health and fitness also play a key role in the children's development and enjoyment of a rich and varied curriculum and we appreciate all you do at home to support both a mentally and physically healthy environment for your children to flourish.

We always welcome your help and support with your children's learning, and if you feel that there are any areas of this term's curriculum that you may be able to contribute to, please let us know.

As always, I welcome your questions or feedback, so please do not hesitate to contact me through the school office. It is always best to communicate early and openly should there be any concerns, to ensure a positive, productive and supportive environment for your children.

Best wishes
