Dear Parents

Visit from Wild Science – Monday 20th June 2022

To fit in with our topic 'All creatures great and small', we have organised an exciting visit from Wild Science, who will be bringing in a wide variety of mammals, invertebrates, reptiles and amphibians for the children to learn about and handle. This is in place of a Summer term trip.

The visit will take place within school on Monday 20th June in the morning. So that the children get longer to handle the animals, we will split the children into two groups, both having a 45 minute session. Children will come at the normal time for school, but please be prompt as the first session will be starting straight after registration. If your child does not attend the Monday morning session, they are invited to attend the morning as an extra session, free of charge.

The voluntary contribution for each child is £7.50. Please pay online via School Money www.eduspot.co.uk This will also include a drink and a biscuit for morning snack (after washing hands of course!). This works out as a much cheaper option than leaving the school site, where we also have to pay for the coach.

Please let us know of any allergies to animals your child has, in advance of the visit.

Many thanks.

Caroline Luckraft
