Friday 13<sup>th</sup> May 2022

Dear Parents/Carers,

## Year 6 Cycling Proficiency Course

We are pleased to be running Bikeability cycle training, on 8<sup>th</sup> June and 1<sup>st</sup> July 2022. This training encourages children to be safe cyclists. Please note that places are limited.

To have a place on the training course your child will need to meet the following requirements:

- Bring a cycle which is in good roadworthy condition. Your child's cycle will be checked by the course instructors at the first session. Any repairs or maintenance needed must be carried out if your child is to remain on the course.
- Wear a correctly fitting cycle helmet at all times during the training. Please make sure that it does before training starts. Again, the instructors will check helmets at the first session. You may need to carry out further changes to the fit of the helmet if your child is to continue taking part.
- Children should have experience of riding their bicycle, and have good bike control. Instructors will check this out through a series of test exercises at the first session, held on the playground area. They will decide whether your child is ready to do 'on road' training and if they should remain on the training course.

The test examiners are approved by Oxfordshire County Council Road Safety Department and will give feedback to the children on their standards as a safe cyclist at the end of the test.

If your child would like to participate in the please sign and complete the permission slip attached and return it to the school office by **Friday 20th May**. Thank you.

Yours sincerely,

Claire Thomas  
Headteacher
