11<sup>th</sup> January 2023

Dear Year 6 Parents,

We are delighted with the excellent attitude to learning that we are seeing from your children at present. It is not long until the end of KS2 SATs are upon us and as ever, we aim to keep these assessments in perspective and keep the children’s well-being and progress our priority.

In order to offer the children every opportunity to consolidate and deepen their understanding of both the Literacy and Maths curriculum, we would like to offer an optional early morning SATs Club on Tuesday and Thursday mornings from 8:20. These will commence on Tuesday 17<sup>th</sup> of January and continue until the week before SATs week (9<sup>th</sup> May). During these sessions, children will be supported by Learning Mentors, who are in the Sixth Form at Radley College.

Organising and scheduling support that suits everyone is always a challenge, and although optional, it would be useful to know which days children plan to attend (they are welcome to as many as they wish – the greater the practice, the greater the confidence). The focus of our activities will be a variety of independent online practice as well as appropriate worksheets and booklets. Children can also access all of the online resources from home and relevant booklets or worksheets can be provided. During these sessions, the children will be expected to show a good degree of independence and maturity in order to allow their classmates the space to focus.

I have downloaded a SATs Information presentation for Year 6 Parents onto Google Classroom in the SATs folder if you wish to read it.

As ever, I thank you for your continued positive support and encouragement at home and please do not hesitate to contact me if you have any questions.

Best wishes,

Heather Sparks

.....  
**Child’s Name:**

My child is planning to attend the early morning SATs club on the following days:

Day	Planning to attend <i>Please tick the sessions that your child is planning on attending and return to the school office or Mrs Sparks.</i>
Tuesday	
Thursday
